FISCAL ANALYSIS

ASSUMPTION

Officials from the **Attorney General's Office** assume that any potential costs arising from this proposal could be absorbed with existing resources.

Officials from the **Department of Public Safety - Missouri Highway Patrol** and **Capitol Police**, and the **Boone County Sheriff's Department** each assume the proposal would not fiscally impact their respective agencies.

Officials from the **Cole County Sheriff's Department** state the fiscal impact to some agencies is the overtime to cover shifts during the suspension duration. For Cole County, there would be no impact because we already follow this procedure.

Officials from the **Columbia Police Department** state the investigation would determine if there was imminent danger to the officer not merely the distance. Suspending an officer without pay prior to the conclusion of an investigation could potentially violate due process ultimately resulting in litigation that could result in a fiscal impact to the agency or city.

Oversight assumes potential future litigation would not be considered a direct effect of the bill and will not reflect it in the fiscal note. Oversight will also assume local political subdivisions could implement the provisions in the bill with existing resources.
